

The Function of Art

- Through a process of reasonable disagreement refine a sentence that defines arts function.
- Each person starts with a card and writes a sentence beginning:

THE FUNCTION OF ART IS...

- Choose any starting point you like, a word, phrase, quote or something else.
- You may want to consider the following within your group: evolution, understanding, transformation, belief, truth, enlightenment, anti-terrorism, utopia, entertainment, prouns, pleasure, boredom or uselessness.
- Read your sentences to each other and discuss, debate, argue, agree.
- Nobody leaves until all are agreed on one sentence.
- Choose one person from the group to read out your sentence across the PA system of the host site.
- This process may be repeated.
