

Sparwasser HQ ask for your help:

please take on the role of being our HOST for a shorter or longer periode of time. This is similar to hosting a dinner party, an birthday or beeing on a date. Bring people together! make sure your guests feel good! and in this way bring up the best in your guest! make a SITUATION!

Preparation

- . please sit down at the table
- . look through the instructions on the table and choose one.

Build up your circle

- . look up and say hallo, when the next person (who you would like to have as your guest) enters the room, smile and ask how they are? (special and typical for Australia! in Germany we do not do this) Keep eye contact long enough to let the person know that you want to talk more!

.tell the person you took on the role of a host. Suggest that the person sit down with you and perform/carry out your script. Before you start, consider to invite more guest to sit down with you. Chat loosely about the exhibition, ask some normal questions, also personal questions to keep an informal atmosphere.

Action

- . carry out a script!

Finishing

- .finally suggest that the guest takes on the role of a host after you.

Thank you for your help, we appriciate this!

Do email us, if you like to tell us about the outcome of your hosting session or similar : mail@sparwasserhq.de

This situation is very similar to our work around Sparwasser HQ, do look at www.sparwasserhq.de

warmest regards

Jole and Lise (Sparwasser HQ, Berlin, Germany)
